An OPEN and SHUT Case for Plant Mezzanine Safety

Aaron Conway, Mezzanine Safeti-Gates President, Nets Two Industry Awards

Named to the 2019 Food Logistics Champions: Rock Stars of the Supply Chain & Supply & Demand Chain Executive's Pros to Know

ESSEX, MA, March 20, 2019 — Aaron Conway, president of Mezzanine Safeti-Gates, Inc., has been named to two lists that recognize individuals in the supply chain industry. *Food Logistics*, the only publication exclusively dedicated to covering the movement of product through the global food supply chain, has named Conway to its 2019 *Food Logistics Champions: Rock Stars of the Supply Chain* award and *Supply & Demand Chain Executive*, the executive's user manual for successful supply and demand chain transformation, also put him on its 18th annual listing of the 2019 Pros to Know in the supply chain industry.

The *Food Logistics Champions: Rock Stars of the Supply Chain* recognizes influential individuals in our industry whose achievements, hard work, and vision have shaped and attained milestones in safety, efficiency, productivity and innovation through the global food supply chain. The *Supply & Demand Chain Executive* Pros to Know Awards recognize supply chain executives, and manufacturing and non-manufacturing enterprises, that are leading initiatives to help prepare their companies' supply chains for the significant challenges of today's business climate.

Conway has been working at Mezzanine Safeti-Gates for 23 years, and leads his team in the creation of safety gate designs. Conway and his team have worked with many companies across the globe to make their operations safer with their innovative safety gate designs. In the last year, he has led the company in creating new safety gate models, including the Dock-Lift gate, which automatically secures lifts used in loading docks to provide fall protection for employees moving material with the lifts.

"Our 2019 *Food Logistics Champions: Rock Stars of the Supply Chain* reflects the expanding diversity that is emerging in our industry, both in terms of demographics and talent," remarks Lara L. Sowinski. "The combination of experience and wisdom complemented with a new generation of professionals is resulting in a food and beverage supply chain that is in sync with consumers' demands while simultaneously adept and staying ahead of the logistical requirements."

Our Pros to Know listing showcases the leaders and innovators shaping the profession and making substantial impact on their companies,” says John Yuva, editor for *Supply & Demand Chain Executive*. “We commend this year’s recipients for their achievements in supply chain and for paving the way for the next generation of exceptional supply chain leaders. This year’s recipients embody the commitment to transformative supply chain tools and processes, earning these individuals a rightful place in this year’s Pros to Know listing.”

To learn more about the full line of safety gates, including the original dual-gate safety system, the Roly® safety gate, from Mezzanine Safeti-Gates and how the equipment has secured facilities across the world, visit <http://www.MezzGate.com>.

About Mezzanine Safeti-Gates, Inc.

Headquartered in Essex, Mass, Mezzanine Safeti-Gates is an innovator in the design and manufacturing of safety products for material handling and manufacturing operations. In business for over 35 years, the company designed the first dual-gate safety system, the Roly® safety gate, which has been installed in thousands of facilities across the world. Any gate in the company’s product suite can be customized to meet specific requirements.
